## Choose from FOUR Programs in 2022

Music • Dance • Science • Math

### Dance Intensive

A creative, collaborative, and inspirational exploration of ballet, jazz, modern, contemporary, and/or musical theater dance styles. Dancers will focus on technique and combinations during the camp. (Requirements: leotard, convertible or footless tights, ballet slippers or jazz shoes.)

### **NEW!** Turing Tumble and Introduction to Coding

Participants will create sequential algorithms with Angry Birds, create a virtual pet with Sprite Lab, build a dance party, and do other skill-building exercises through Code.org. Participants will also create code with a mechanical computer, thus understanding first-hand how computers and coding work.

### **NEW!** Summer CSI:AACMS

Put your science and problem-solving skills to the test with Summer CSI: AACMS!

Forensics Field Work: So many crimes! So many clues! How do we know what is a clue and what is not? Join us for a week of problem-solving using observation, inference and good old-fashioned sleuthing work. We'll be using magnifying lenses, microscopes and more to solve our mysteries.

### **NEW!** Modern Band Camp

Students will experience a new performance setting within this program. Performing Top 40 hits spanning the 50s through today! Musicians will focus on learning how to compose, improvise, and perform using popular styles that they know and love.
