

## Section: Narratives - Needs Assessment

### Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

**Section 1 - Needs Assessment:** In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

### Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

During the summer between the 2020-2021 and 2021-2022 school years, students with IEPs were offered COVID Compensatory Services (CCS) support classes 2 times per week during the month of July in either Reading or Math skills. Indicators used in the decision-making

process included the analysis of benchmarking data as well as progress monitoring data accrued during the 2020-2021 school year. Students who showed that they were not making progress towards achieving their IEP goals, but had not met the requirements for ESY under the qualifications of Chapter 14, were offered CCS.

**Section: Narratives - Summer School Program Questions**

**Summer School Program Questions:** In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Academic Growth	150	We will use research-based intervention programs focused on specific areas of need and weekly progress monitoring to measure progress.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

We will use Curriculum Assoc reading & math programs reading assessment tools.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
4	Internal Provider	Teachers

**a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.**

**b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.**

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Progress Monitoring Sheets	Weekly	Students will achieve goals set at the start of the program, as either general growth or achievement of specific skills.

6. How will the LEA engage families in the summer school program?

Families will be invited to send their child by various means to ensure they understand what is being offered and to discuss barriers to participation, ie. transportation which can be addressed via a bus pass or parent car pool. Families will be shown how to support students and their success is measured.

**Section: Budget - Instruction Expenditures**

Instruction Expenditures

**Budget**  
 \$11,205.00  
**Allocation**  
 \$11,205.00

**Budget Over(Under) Allocation**  
 \$0.00

Budget Summary

Function	Object	Amount	Description
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	100 - Salaries	\$9,000.00	Salaires
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	200 - Benefits	\$2,205.00	Related Benefits
		<b>\$11,205.00</b>	

**Section: Budget - Support and Non-Instructional Expenditures**

Support and Non-Instructional Expenditures

**Budget**  
\$11,205.00  
**Allocation**  
\$11,205.00
