

## **AACMS Daily Symptom Screening Tool**

Please complete this checklist on a daily basis to monitor for symptoms of COVID-19 prior to school \*

Temperature:

Have you taken any medication to treat or reduce a fever such as Ibuprofen (i.e. Advil, Motrin) or Acetaminophen (Tylenol) in the past 24 hours?

Are you experiencing any of the following?

| <b>Group A<br/>1 or more symptoms</b>   | <b>Group B<br/>2 or more symptoms</b>   |
|---|---|
| <b>Fever</b> (100.4 or higher)<br><b>Cough</b> - New uncontrolled that causes difficulty breathing (for students with chronic allergies or asthmatic cough, a change in their cough from baseline)<br><b>Shortness of breath</b><br><b>Difficulty breathing</b> | <b>Sore throat</b><br><b>Runny nose/congestion</b><br><b>Chills</b><br><b>New lack of smell or taste</b><br><b>Muscle pain</b><br><b>Nausea or Vomiting</b><br><b>Headache</b><br><b>Diarrhea</b> |

**STAY HOME if:**

- Have one or more symptoms in Group A **OR**
- Have two or more symptoms in Group B **OR**
- Are taking fever reducing medication.

### **Section 2: Close Contact/ Potential Exposure**

Have you been recently exposed to anyone with a confirmed case of COVID-19?

If **YES**, student/employee should stay home from school **UNLESS**

- The student/employee is fully vaccinated and does not have symptoms
- Both the positive individual and the contact were within 3 to 6 feet of one another, engaged in consistent and correct use of well-fitting masks, and the contact does not have symptoms
- The student/employee was previously diagnosed with COVID-19 within the last 3 months and does not have symptoms

If the student/staff does **NOT** meet any of the criteria above, the student/staff can return to school 10 days after the last time they had close contact with someone diagnosed with COVID-19 if no symptoms were reported during daily monitoring. If the student/staff is tested and receives a negative test result, quarantine can end after day 7 if the test was done on or after day 5 and if no symptoms were reported during daily monitoring.
