Board Policy 3.3

Temporary or Permanent Inability to Participate in Artistic Program

The board recognizes that certain conditions and/or circumstances can exist which prevent a student from participating fully in various arts-related activities (ex. dance, figure skating). The Board directs the Executive Director to develop procedures for determining what accommodations must be made, whether alternative programming will be required and/or whether movement into another artistic area is necessary as a result of the student's medical inability to participate in the program. Such procedures shall be consistent with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and the Individuals with Disabilities Education Act (IDEA), where applicable.
